Registration Open for 2026 Annual Florida Supply Chain Summit in Orlando Florida

Uniting Industry Leaders to Drive Innovation and Growth in Florida's Supply Chain Sector

Summary

The Florida Supply Chain Summit provides a platform for statewide collaboration between key industry leaders to foster networking opportunities, address critical issues, and share knowledge.

ORLANDO FL (March 17, 2026) The 7th annual Florida Supply Chain Summit will convene May 18th through 20th 2026 at the Caribe Royale Orlando. This year's event features multiple in-person experiences including tours of NASA and Port Canaveral, a major cruise and global commerce cargo gateway. The event will open with an address by Laura DiBella, Chairman of the Federal Maritime Commission.

Registration is now open. This year, attendees can select from a wider variety of options to customize their conference experience. www.FloridaSupplyChainSummit.com

Each year, the Florida Supply Chain Summit is held in a different geographic area around the state and focuses on its importance to the state's supply chain. This year's summit spotlights Central Florida in its position as a strategic state logistics powerhouse. At the center of Florida's freight network, the logistics resources of ports, rail and air cargo all connect to reach 20 million consumers within a same-day delivery radius, making it one of the most efficient logistics hubs in the Southeastern United States. Central Florida benefits from substantial infrastructure enhancements which improve congestion and improve throughput. In addition, Central Florida enjoys a strong workforce ecosystem powered by educational institutions that offer specialized supply chain degrees and certificates.

The Florida Supply Chain Summit event balances networking and insightful discussions, with experiential learning. In providing in-person tours, conference attendees are provided with direct real-world exposure, to bridge theory and practice.

Highlights of the 2026 program will include:

Monday, May 18, 2026

- Disney Underground (Utilidor) Tour – Additional Fee
- Welcome Reception

Tuesday, May 19, 2026

- Florida's Ports: Cargo & Cruise Leadership Panel
- CSCMP - State of the Industry update
- Chairman, Laura DiBella, Federal Maritime Administration
- Orlando's Theme Park Logistics
- Florida Air Cargo Gateways discussion with aviation leaders
- A Manufacturing Spotlight - 2025 Manufacturing Report
- I-4 Furniture Corridor Supply Chain

Wednesday, May 20, 2026

- Behind-the-scenes Port Canaveral Terminal Tour
- A unique NASA / Space Logistics experience

The Florida Supply Chain Summit provides live conferences and webinars to spur high-level discussion, knowledge exchange, and relationship-building. This year's event will feature numerous panel discussions with retail and shipper leaders, corporate executives, academic and economic leaders, transportation experts, and port leadership.

About The Florida Supply Chain Summit

The Florida Supply Chain Summit will be held Monday, May 18th through Wednesday May 20th at the Caribe Royale Orlando. The vision of the Summit is to facilitate and strengthen partnerships in the trade and logistics industry by providing opportunities to network, address industry issues and share knowledge about critical issues. In addition, the event also seeks to highlight emerging trends, technology innovations, and workforce development best practices.
