Luncheon Keynote

Jessica Gomez, Founder and CEO, Rogue Valley Microdevices
The first woman in the US to lead a CHIPS Act-funded company

**STRENGTHENING DOMESTIC PRODUCTION:
The Impact of the CHIPS Act on Semiconductor Supply Chains**

Join Jessica Gomez, founder and CEO of Rogue Valley Microdevices, as she delves into the transformative power of Micro-Electro-Mechanical Systems (MEMS) technology and its pivotal role in advancing various industries. Explore how the CHIPS and Science Act is reshaping the American semiconductor industry by enhancing supply chain resiliency and lessening dependence on foreign manufacturing.

Hear from Jessica, the first woman in the US to lead a CHIPS Act-funded company. Learn how she got started in this industry and experience her vision and strategies for leveraging this funding to create a more robust and self-sufficient supply chain.

Additionally, Jessica will emphasize the significance of corporate-community partnerships in advancing STEM education and creating economic opportunities that enhance the quality of life for people. This keynote offers a unique opportunity to gain valuable knowledge from a leader who is deeply engaged in the global microelectronics industry and is committed to driving supply chain innovation and fostering economic development.

1:30 p.m. – 1:45 p.m. Networking Break - Workforce / Student Area / Business Booths

1:45 p.m. – 2:45 p.m. **AI – POWERED SUPPLY CHAINS:
How AI is Transforming Florida’s Supply Chain Landscape**

Dive into the transformative role of artificial intelligence and how it is enhancing Florida’s supply chain efficiency and resilience. This session will highlight how AI is being utilized to optimize logistics, streamline operations, and improve decision-making within the state. Explore the latest AI technologies and their applications in Florida’s supply chain management, addressing both opportunities and challenges. Discover how AI innovations are shaping the future of Florida’s logistics sector and contributing to its economic growth and competitiveness.

Moderator: Deb Friar, CEO, Quant Fusion

Panelists:

- **Jay Lau**, Staff Product Manager, Product Integration, Aurora Software
- **Jessica Jones**, CMO, Gigantor
- **Sohpia Lopez**, President, Kaleido.io
- **David Metcalf**, Director, UCF’s Mixed Emerging Technologies Integration Lab

2:45 p.m. – 3:00 p.m. Networking Break - Workforce / Student Area / Business Booths

3:00 p.m. – 4:00 p.m. Port Tour – PortMiami

4:15 p.m. – 5:15 p.m. **NAVIGATING FLORIDA’S CRUISE SUPPLY CHAIN:
Opportunities for Providers**

Discover the unique opportunities within Florida’s cruise supply chain. As a hub for the global cruise industry, Florida offers numerous prospects for providers to innovate and optimize their strategies. This panel will explore the specific needs and challenges of the cruise sector, from logistics to sustainability. Attendees will learn about business opportunities with major cruise lines, gaining insights on how to enhance efficiency, meet industry demands, and drive growth within Florida’s vibrant cruise supply chain ecosystem.

Moderator: **Andy Hecker**, CEO Assistant Port Director
PortMiami
